Students Balk At Premier's Soviet Visit

Outburst Occurs As Government Urges 'Cooperation'

BUDAPEST, Hungary (AP)—More than 10,000 Hungarian University students demonstrated today for a new government and the immediate withdrawal of Soviet troops from Hungary.

The demonstrations came as Hungary's Premier and its Communist Party leader returned from friendly talks with Yugoslav President Tito in Belgrade.

A communique issued in the Yugoslav capital said the Hungarian and Yugoslav leaders had agreed in two weeks of talks on close cooperation to "prevent the repetition of past mistakes which inflicted serious harm upon the workers movement."

The Belgrade communique did not spell out these "past mistakes," but this phrasing generally is taken to refer to the errors of Stalinism.

Illegal Fire Here Sets Off Manhunt and Killing

END OF A GUN DUEL with police finds Buck Rogers Searsey, 48, dead in the front yard of an abandoned farmhouse near Seven Palms. He tried to shoot it out with one of the largest posses ever formed in the desert area. The ranch, located near the Moon Ranch, is about two miles east of Desert Hot Springs. The chase lasted 12 hours to the minute after Searsey tried to kill two deputy sheriffs who went to his home to talk with him about illegal burning. (Desert Sun Photo)

Desert Scene Of Long Air, Land Chase

Fugitive Who Shot At Deputies Fireman Called is Riddled

By FRED C. WIGEL

A 48-year-old Negro was shot to death in an abandoned ranch house two miles east of Desert Hot Springs yesterday morning, after he led one of the biggest posses ever assembled locally on a relentless chase across the desert.

The man was identified as Buck Rogers Searsey, who resides near Cathedral City.

The chase was touched off after deputy sheriffs received word that Alfred Waterworth, a fireman with the Cathedral City Division of Forestry was cursed at and threatened by Searsey when he attempted to put out a fire in the desert where Searsey and another man were burning old cars for metal salvaging.

Although Waterworth did not know it until later, his life was saved by Searsey's companion who held his hand to keep him from shooting the fireman.

THE FIREMAN called the sheriff's office after he left the scene, and Deputies Robert Keagy and Harold Churchill arrived at the site of the unlawful fire. Searsey had left, but his companion told the deputies where he lived, and as the two men approached the house, Searsey fired "about 12 or 14 shots" at them. The two men dove to the ground as a bullet hit Keagy's hat emblem. The two officers opened fire on the fleeing man.

Keagy crawled on his stomach about 200 feet to the sheriff's automobile unit where he radioed for help. The time was about 8:30 p.m. A posse made up of men from the Palm Springs force, Riverside County Sheriff's Department, the U. S. Border Patrol and the California Highway Patrol started tracking the man across the desert mountain ranges and valleys towards Desert Hot Springs.

AT 4 A.M., SGT. Dale Thompson and Frank Chalfont took off from the Palm Springs airport to track the fleeing man by air. They spotted the man running in the foothills near the old Highway 99, east of Desert Hot Springs, and by radio notified the ground posse of his whereabouts.

From the air, Chalfont and Thompson could see the man running wildly into the ravines and hills as the cordon of the law was closing in on him. Twice Chalfont placed the plane in a dive and the running man, would flatten himself on the ground and then jump up and continue to run.

About 7 o'clock, the men in the plane could see that Searsey had spotted the farmhouse and was headed toward it. In the plane the men hoped that no one was in the house.

THE POSSE, IN JEEPS and cars and on horseback, converged on the ranchhouse where the man had taken refuge, and to the men in the air it looked like a western movie coming to the finale.

On the ground, the posse pulled up to the farmhouse, and were relieved to find it was abandoned except for Searsey.

Sgt. John McCoy, crawled behind some trees and yelled to the man in the house "to throw your gun out and come out." His demand was answered by a shot.

On orders to "shoot to kill," the building was then riddled by a hail of bullets.

SUDDENLY THE firing stopped and under the cover of Sgt. McCoy, Chad Brinton crawled up to the front door, pulled open the screen and pushed the door open with the butt of his rifle. Police fired tear-gas pellets into the room, and later, using handkerchiefs to cover their faces, pulled the man into the yard. He was dead.

Searsey had six bullet holes in his body. Deputy Coroner Bob Drake said that one of the bullets may have gone through the body.

Sanitation, Parking and Highway Projects Talked at CVAPC Session

By DON KLOTZBUECHER

Formation of a Sanitation District, re-emphasis of the need for a countywide off-street parking law, planning for the eventual widening of Highway 111 to freeway status, possibility of retaining a representative to lobby at the county seat, and criticism of three members of the board of supervisors.

These items, plus a few minor topics, occupied the attention of the Coachella Valley Advisory Planning Committee at a dinner meeting at the Farmhouse in Cathedral City last night. Twenty-five persons were present, representing civic groups from Palm Springs, Cathedral, Rancho Mirage, Palm Desert, Indio, Desert Hot Springs and Mecca.

The County Sanitation District in this area has been under discussion for some time, with the committee now ready to start action, according to Chairman Claude Cobb of Cathedral City. A meeting is scheduled for next Tuesday night, Oct. 30, at the office of CVAPC President Ted Smith in Rancho Mirage, at which time boundaries of the district and a site will be discussed.

TYLER SUESS, county planning director, explained the procedure necessary to establish such a district in which a city, Palm Springs, may be included. Action must be initiated by the county board of supervisors after boundaries are established.

In regard to the countywide off-street parking law which was defeated by a three to two vote, the CVAPC adopted a resolution urging its passage. Action came after Fourth District Supervisor George Berkeley told the group that the supervisors "unfortunately have a policy of 'We will not lead, we will be pushed, we will not lead.'"

L. C. Lewis of Cathedral City and Lloyd Loveland of Indio, both

members of the Riverside county planning commission, termed the off-street parking measure one of the most important ever proposed, one that had been worked on and studied for two years before being submitted to the supervisors.

SMITH, IN ANSWER to questioning as to why the law wasn't adopted, said that besides the reasons that "some people might not own a car" and therefore should not provide 50 square feet of off-street parking space, and that it was not needed, two reasons cited by the supervisors voting "no," there were three other reasons. "Supervisors Warren, Jones and McCall."

"Historically," he continued, "it is true that what we have wanted down here has been voted out."

Organizations represented at the meeting also will be asked to adopt resolutions in favor of the off-street parking law.

Suess, in regard to a county master road plan, said that Highway 111 is one of the "most troublesome problems of this time," citing that the state currently is asking that the county consider future widening of it to limited freeway status in its subdivision planning.

HE PREDICTED that this will come within 10 years, and that a four-lane highway by itself without freeway status would not be adequate. The county planning director said that the "four lane divided facility is needed now during the winter season."

The "lobbyist" on behalf of desert area communities was proposed by Dr. Clair S. Johnson, who heads the Mecca civic council.

No action was taken due to the cost involved, but Smith asked that it be studied for possible future action.

The next meeting of the group will be held in Indio in November.

A close range gun duel at midnight Saturday ended with one man dead and another near death today at Desert Hospital, and police are continuing to investigate the shooting.

Herman Leslie Henderson, 47, of Eagle Canyon Trailer Park, is dead, and Tony Anthony Torro, 48, of 33-690 Rancho Vista Drive, is in Desert Hospital in critical condition. Both men were shot three times.

The duel took place in the living room-kitchen of the Torro home, right in front of Mrs. Violeta Torro and five of her seven children.

Investigating officers said that Mrs. Torro divorced Henderson last August and then married Torro. At the time of the divorce the Hendersons had seven children.

THE INVESTIGATION was headed by Lt. Edward Brown of the Banning substation and Deputy Sheriff Carroll Vogelaar of Cathedral City, who said that the Torros and children returned from the drive-in movie about 11:30 Saturday night and found Henderson at the house.

Henderson talked with the children for a while, and then left the house to go to his car. When he returned to the house, Mrs. Torro said she heard him put something on the front porch, and he came into the house, addressed a couple of insignificant remarks about the children to Torro, then went back to the door, got a .22 caliber rifle that was leaning against the door-jam, lifted it to his shoulder and pointed it at his ex-wife.

He told Mrs. Torro to sit down, which she did, and then swung the gun toward Torro and fired. Two bullets hit Torro as he rose from the chair and dug in his pocket for a .32 caliber revolver which he carried. Torro, wounded, advanced toward Henderson firing his gun, and Henderson backed toward the door until he fell mortally wounded near the door. Torro then told his wife to call the police, and she ran to a neighbor's house across the street to do so.

When Vogelaar arrived on the scene, he found the dead man where he had fallen, his rifle lying on the floor next to his body, and Torro was on the couch in the living room. He was rushed to the hospital for surgery.

WILD BULLETS had broken pictures and had gone into the plaster walls. Investigating officers said that it was a wonder that no one else was injured in the shooting.

Mrs. Torro's story of the events of the evening were corroborated by the five youngest children. The

two older children were out of the house at the time of the shooting. Ira Henderson, 19, one of the oldest children, was injured only the day before in a traffic accident at Araby Point.

As police officers and newsmen were talking together at the scene of the shooting, Mrs. Torro suddenly jumped from her chair and ran to an automobile near the front door, and retrieved a child, asleep, from the back seat.

Torro, a well known Indian property owner in Palm Springs,

is not a member of the local tribe, but received an allotment as a member of the Torres-Martinez Band of Cahuilla Indians. He was married to a member of the local band, and on her death inherited an interest in her property. Among the local property under his control is the unleased DeMuth Park, two acres at the corner of Ramon and Indian Avenue where the service station and Clara Bee Lodge stands, land to the west of the park, and 40 acres near the toll-gate of Palm Canyon.

Plans for Financing Translator TV Station Mapped at Meeting of 50

Plans to assure financing of a Translator TV set-up for Palm Springs were formulated at a meeting of 50 hotel men, merchants and residents at Howard Manor yesterday afternoon. The group named Frank Bennett as general chairman to work with committees of the hotel men and merchants in obtaining subscriptions for building and maintaining the required equipment.

It was also decided that endorsement of the project by the City Council and Chamber of Commerce will be sought and forwarded to the FCC which will hand down a decision in the matter on Oct. 31.

Howard Morris, who has sponsored the Translator station as a non-profit community enterprise, said that similar installations are now in operation in Bishop, Kingman and Hawthorne, and that many others are being operated in other parts of the country.

In answers to questions by members of the group, Morris said that it would cost about \$20 to adapt sets to UHF and that an adequate antennae would run about \$9. He explained that the cost of bringing in the first channel would be about \$8,000 and that additional ones would cost \$4,500 each. The yearly operating cost of the five channels would be about \$10,000, Morris said.

Ike Gets Health Check Saturday

WASHINGTON, AP — President Eisenhower this weekend will undergo the "head to toe" physical examination that he promised to have before election day.

The White House said results of the examination will be released at the latest on Monday — eight days before the voters go to the polls.

Auto Plunges Into Canal and Drowns Driver

Jose Mediano, 56-year-old Palm Springs city employee, was found drowned Monday evening in the All-American canal at the eastern bank of the La Quinta hills. He had apparently driven his automobile into the irrigation canal off the end of a dead-end street.

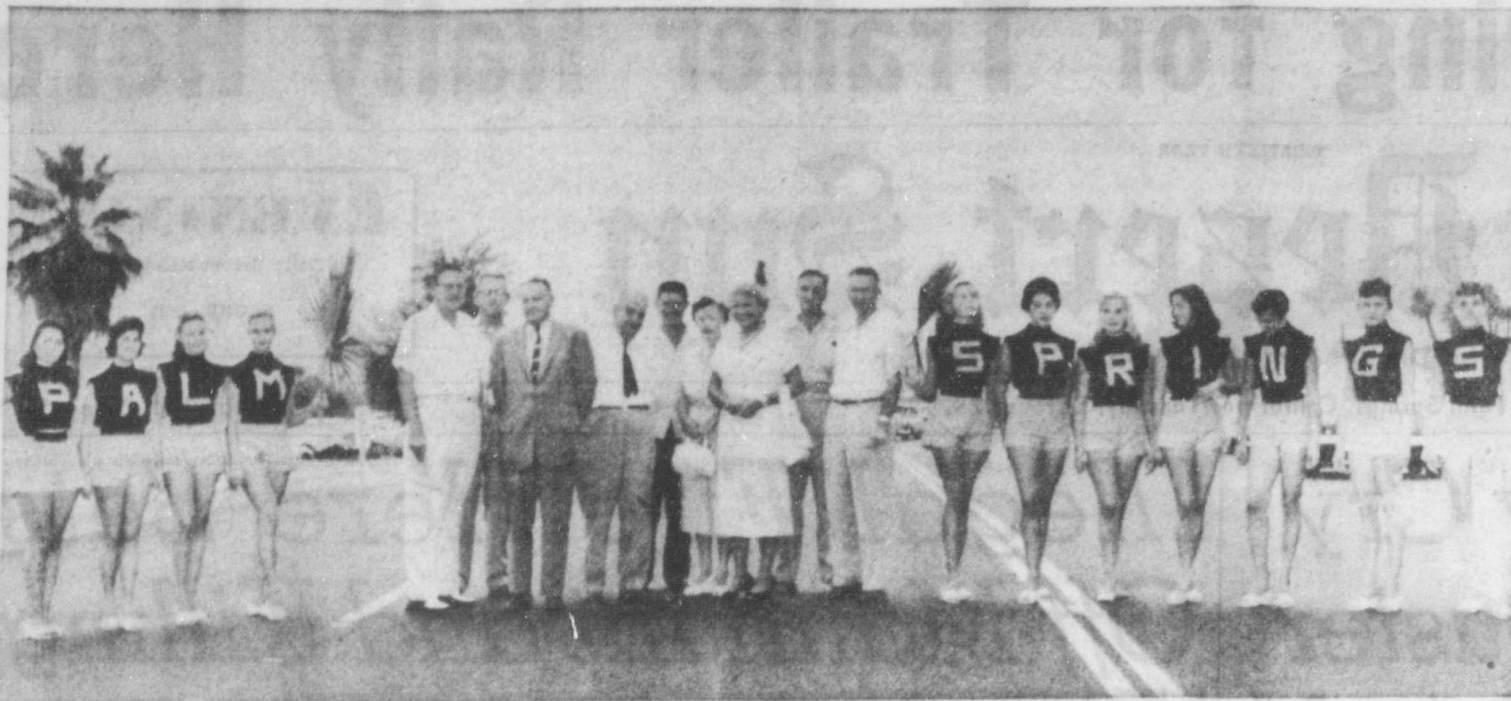

A Coachella Valley Water District employee, cleaning screens along the canal, spotted the Mediano car under the water about 7 p.m. last night. The headlights were shining under the water.

An Indian diver, using an aqua-lung, dove to the car to try to locate the driver, but was unsuccessful. He did find evidence, however, that indicated that the person had gotten out of the car and had attempted unsuccessfully to climb up the slippery canal wall. Marks just under the water's surface showed that Mediano had come to the surface a few times. The body was found at 11 p.m. about 250 feet from the car.

The car, a 1942 two-door sedan, was retrieved from the canal at about 8 p.m., and was registered to his son, David Mediano.

Jose Mediano had been an employee of the City of Palm Springs since Oct. 1, 1948, employed in the sanitation department.

Mediano is survived by his widow, Celia, 10 children, and a brother, Henry Mediano, of Cathedral City.

DEDICATION OF SOUTH Palm Canyon Drive and the new Tahquitz River Bridge was completed yesterday afternoon, when R. F. Graettinger, editor emeritus of the Desert Sun lifted the Palm frawns officially opening the bridge to traffic. People gathered on the bridge to watch the program and hear the dedication program. The Palm Springs High School Band under the direction of Gus Patzner played, and the speakers included, besides

Graettinger, Mayor Florian G. Boyd and City Councilmen, C. V. Kane, district engineer for the State Department of Public Works, Chamber of Commerce President Earl Hough and Manager Jimmy Cooper, and Jacqueline Cochran Odum, candidate for Congress from this district. Though during the program it began to sprinkle, the dedication went on without a pause. In the

above photo, walking between the raised palm frawns are, left to right, Mayor Boyd, Councilman Jerry Sanborn, State Engineer C. V. Kane, Councilman Ted McKinney, Councilwoman Ruth Hardy, Mrs. Odum, and Councilmen Leonard Wolf, Jr. and Frank Miller. The Palm Springs Debs, spelling out "Palm Springs" flank the group. Dallas Tells Its Rainmaker To Give Up

DALLAS, Tex., (AP) — The city of Dallas, beleaguered by the Southwest's billion-dollar drought, today told its hired rain-maker to quit—because there aren't enough clouds in Texas to make it worthwhile trying to seed them.

The city had employed Dr. Irving Krick of Denver since 1952. He sent planes up to seed clouds with silver iodide whenever there was a prospect of rain over the city's watershed.

Three Teenagers Thwart Attack After Long Ride

Two juveniles, each memorizing three digits of a license plate, were able to give police information that led to the capture of 24-year-old Robert Lee Brand of Palm Springs.

The two teenagers, with another girl, were taken on a ride around Palm Springs after Brand stopped them, identified himself as a police officer and asked to see the boy's driver's license. The boy said he had left it in his other trousers, so Brand reported that he was taking them to the police station.

ON THE WAY to the police station, Brand slowed the car and told the trio that he didn't have to take them to the police station, if they would cooperate with him, and then swung the car out toward the Palm Springs Airport.

At the entrance to the city offices, Brand stopped the car, and got into the back seat with one of the girls. With the teen-age boy driving, the four went north out Sunrise and after passing the Ranch Club, the car slowed and the girl in the back seat jumped from the car and ran out into the desert. Her companions, with Brand, caught her and returned to the car.

WITH THE BOY driving, they went down Sunrise Way to Ramon Road, where Brand told the driver to turn left, but he turned right and told Brand they were going to the police department. Brand brought out a knife and told the boy to turn, and as he got to Warm Sands, he slowed to turn the car, and one of the girls jumped from the car. Stopping the car, the other boy and girl ran and went from door to door until they could summon help.

Officers Julie Edelstein and Neal Green answered the call, and Brand was captured on Andreas after two of the teenagers related the license number.

Village Scout Leaders Launch Year's Work With Laudatory Dinner

Sixty of the 100 adult leaders of Boy Scouts in the Palm Springs district turned out for its annual dinner at the Playhouse on the Polo Grounds last night to receive the praise of Riverside County Scout Council officials and to launch the new season's activities.

Among the guests were scoutmasters, assistants, cub masters, den mothers and men who serve on troop sponsoring committees in the Palm Springs districts, which comprises 10 units in the Village, Desert Hot Springs and North Palm Springs. The 10 units now contain 240 boys.

Speakers included Clarence Viem, head of the Riverside Council; Carl Helmick, Riverside Scout Executive; C. C. Covey, North Palm Springs, and Dr. Wallace Muelder, Superintendent of Schools. Muelder said he regards scouting as an institution well fitted to take over the youth responsibilities which the schools must recess on weekends. He pledged that all available resources of the schools here will be made available to the activity.

This season's scouting work, Helmick said, will be preceded by a six-hour training course for adult leaders at the University of Scouting in Riverside next Saturday.

120 Republican Workers Attend Luncheon for Jackie

Around 120 Republicans, including many campaign workers, turned out at the Doll House yesterday to meet Jacqueline Cochran Odum, Congressional candidate from 29th District.

Mrs. Odum told the gathering that if she is elected she hopes to revive "three wonderful words, 'We the People' ", trying to arouse the interest of all the people in the district in government, rather than just in the business of getting a candidate elected.

Describing Palm Springs as a pearl in the center of a large district, she said it is a fantastic place. Speaking of its swimming pools, and wealthy residents, she demanded "since when has it become a crime for an American to be a success under our free enterprise system? ... We can't afford to look down our noses at someone who started out in a cotton mill at an early age and wound up with a swimming pool ... which was primarily a storage tank" ...

She was introduced by Arnold Rumwell, president of the Palm Springs Republican Assembly.

Melba Bennett spoke briefly on the importance of precinct work, saying "It's going to take each and every one of us, with a deep sense of responsibility, to get out the vote ... We have the highest record of votes in the county ... let's keep it up ... and try for a 95 per cent vote here."

She urged attendance at the "get-out-the-vote" meeting which will be held tomorrow (Wednesday) morning at 10 o'clock, in El Paseo Theatre.

Think You Have Troubles? Scheck Hears 100 Would-Be Elvises Weekly

By WILLIAM EWALD
United Press Staff Correspondent

NEW YORK, Oct. 22 — Man, you think you've got troubles? Consider George Scheck. He auditions 100 imitation Elvis Presleys each week.

Scheck is a manager of child talent and producer of a local TV small fry show, "Star Time." As such, it is Scheck's peculiar pleasure to witness an unending parade of half-pints bent on demonstrating their gifts.

"We audition 200 or 300 kids a week—and half of them are doing Presley now," said Scheck glumly. "They come in eight years old, nine years old, with ukeleles, banjos, broken-down guitars, all of them singing, 'Hound Dog.'"

"Some of them gyrate so hard, I gotta ask them to please stop. The stuff they're doing, I'd be ashamed to put on my show."

"IT'S GETTING to the point now where I just yell out—all those who have Elvis Presley tunes, please come back again with something different."

Scheck, who presently draws from a pool of some 40 youngsters, for his TV show, has worked with kids since 1945 when he launched a video tidbit, "Birthday Party," on a Dumont channel.

"This Elvis Presley thing is just part of a cycle," said Scheck hopefully. "I can remember when it was all Frank Sinatra. The kids would try to be like Sinatra, then try to sing like him."

"Four years ago, it was Johnny Ray. That was really frantic. Half the kids would come in and start 'Cry.' They'd stand there and start tearing their shirts off. Right in front of me. They'd throw themselves on the floor and cry all over the place."

County Fair's Two Australian-Born Camels Create Nationwide Interest, Provide Unusual Challenge

In addition to creating nationwide interest Riverside County's two Australian-born camels at the Indio fairgrounds provide unusual challenges for those assigned to their care and maintenance.

Each season officials of the Riverside County Fair and National Date Festival discover something new about camels. Training the creatures is never a dull routine.

Camels not only display strange mannerisms but because of the attention bestowed upon them by Fair visitors, the two at Indio have developed a trait for exhibitionism.

FAIR MANAGER Robert Fullen-wider announced that this year the new trailer to convey the cam-

els on personal appearances is causing concern. The animals out-grew their old one and are steadily getting bigger.

The new piece of equipment must be custom built but as yet Fullenwider has not been able to determine the specifications. No one seems able to estimate how much bigger the camels will grow.

Jemeel, the young male Australian native, has had a growing spurt during the past year and shows signs of developing into a giant.

OTHER EXPANSIONS for the 1957 fair and festival at Indio are new dressing quarters for the Arabian Nights Pageant, and the inclusion of two weekends in the fair schedule.

Dates announced for the 1957 event are Feb. 16 through 24, two days longer than this year's fair.

With improved highway routes between the Coachella Valley and the Los Angeles metropolitan area, Fullenwider anticipates a crowd of about 200,000 visitors at the fairgrounds.

Stephen Lamont Returns From Gift Buying Trip

Stephen Lamont of "Stephen's Gifts," who opened his shop in Palm Desert Center last March, has returned, after a summer spent buying new lines of gifts from Missouri, Michigan and Arizona.

In addition to his regular line of ceramics, jewelry and decorative home accessories, Lamont has selected a wide variety of such interesting items as cypress sculpture, bronze rattan Eagles, and carved lamp bases and bookends. Scheduled to arrive later this month, is a new line of desert cotton shirts, appropriately stamped with vivid designs.

1957 Buick Model To Make Dealer Debut Saturday

The 1957 Buick makes its debut at Los Angeles next Saturday before some 1,600 dealers and their associates from nine Western states. Palm Springs Buick is the local dealer.

Edward T. Ragsdale, general manager of Buick and vice president of General Motors, will introduce the 1957 models to the dealer group, and the cars will be shown publicly by dealers on Nov. 9.

Assisting Ragsdale at the dealer preview will be a full team of top Buick executives, including Verner P. Mathews, chief engineer; Albert H. Belfie, general sales manager; J. B. Nash, assistant to the general manager in charge of dealer relations; and J. H. S. Ellis, president of Kudner Agency, Buick's advertising counsel.

A feature of the meeting will be a full-scale musical stage show, "Landslide," with a New York cast.

Danger Period For Pedestrians Here, CHP Says

October through March is the danger period for pedestrians in California, says the California Highway Patrol.

"The increased pedestrian fatality rate during the fall and winter months is due primarily to lowered visibility during the early evening hours," declared Patrol Commissioner E. R. Caldwell. "Motorists and pedestrians alike should keep in mind that the distorted perspective of the twilight hours calls for increased alertness on the part of both drivers and pedestrians."

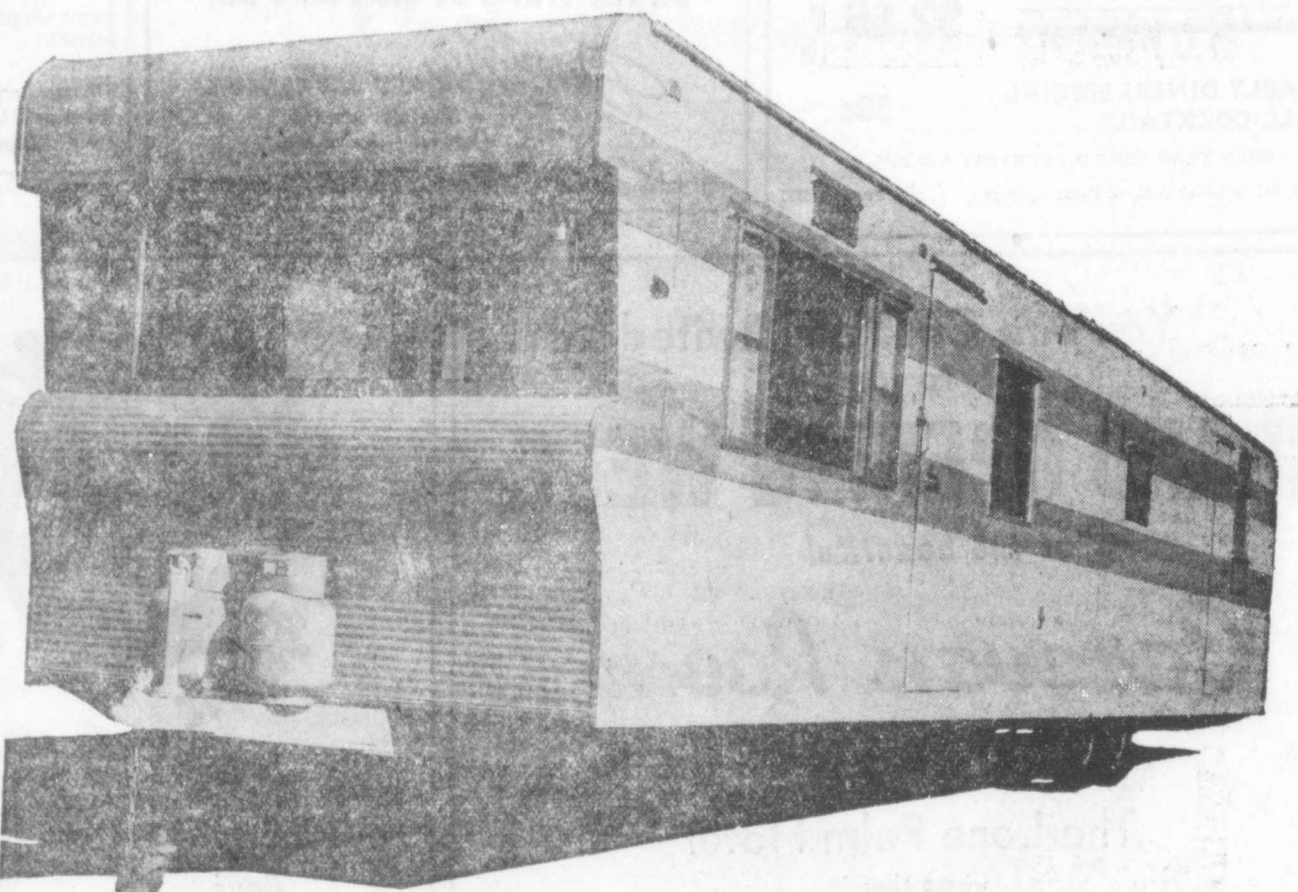

"During the six month period, October 1955 through March of this year, 6,800 pedestrians were killed or injured in traffic accidents in California," Caldwell continued. "The highest hourly rate was recorded during the hours 6 to 8 p.m."

Here! New Task-Force 57 Chevrolet Trucks!

Performance-proved in a history-making test
on the ALCAN Highway to Alaska

The Alcan Highway is the road where trucks grow old before their time. The road where gravel endlessly sledgehammers the life out of trucks. Where a fog of superfine dust chokes engines, and vicious ruts subject chassis to months of wear in a few hundred miles.

Six new '57 Chevrolet trucks, representing light-, medium- and heavy-duty models and heavily loaded with cargo, roared north from Dawson Creek, B. C., through 1,520 miles of mountains and mire, rain and hail to Fairbanks, Alaska. Running around the clock, they made this tortuous trip—normally a 72-hour run—in less than 45 hours. The fleet made normal stops along the way, and maintained safe and legal speeds. As a special test during the run, two of the trucks went the entire distance without once having their engines stopped!

It's all down in the AAA record book. And more besides! Never before has a new truck been so thoroughly proved. Come in and see how well these new Alcan champs measure up to your job.

Alcan fleet gets up to 18.17 miles per gallon! That's the mileage reported by the Cameo Carrier, with Thriftmaster 6 and extra-cost Overdrive.

FIRST WITH THE MOST MODERN FEATURES!

New 283-cubic-inch Taskmaster V8 delivers 160 high-torque horsepower. Standard in Series 5000, 7000 and 8000, optional in Series 6000 at extra cost. Horsepower ranges up to 210 in Chevrolet's complete line-up of modern V8 and 6 truck engines.

Revolutionary Powermatic Transmission — exclusive with Chevrolet trucks! This six-speed automatic, designed specifically for heavy-duty hauling, is an extra-cost option in Series 5000 and 6000 and all heavy-duty truck models. Hydra-Matic is offered in 3000 and 4000 Series models at extra cost.

New 1957 work-styling gives Chevrolet trucks an even fresher, flatter appearance. There are three different and distinctive styling treatments.

L.C.F. models outdate the C.O.E. because they're lower, handsomer, easier to get into and out of, and save time in routine engine maintenance. Yet they offer all the traditional C.O.E. advantages.

Heavyweight Champs with Triple-Torque tandem are rated at 32,000 lbs. GVW, 50,000 lbs. GCW. And Chevrolet's advanced tandem axle unit offers a built-in three-speed power divider—plus a unique "self-steering" action that reduces tire wear and increases handling ease.

All the way in DRIVE range! This Powermatic-equipped 10000 Series tractor traveled the entire Alcan Highway in a single forward-speed range!

First Sunday Brunch So Big It Opens in El Mirador Room

Under rating the popularity of their Sunday morning brunches, El Mirador had announced the first one would be held in the Kiva Room, but so many reservations poured in that the brunch crowd found themselves filling El Mirador Room.

The same gaiety, the same fine buffet (set up in the Starlite Patio) and an entertaining program, carried out the Sunday brunch tradition, which has made this one of the most popular events of Palm Springs winter seasons.

Tex Kiddell, who seems to get better all the time, delighted his fans with "Wayward Wind" and "Que Sera, Sera," with Don Pedro and his orchestra to back him up. As emcee, Tex presented Estelita's sister, Donita, who did the "Cha Cha" and other Cuban songs, and a Redlands University quartet that announced themselves as "America's answer to the Cuban 'Cha Cha'." and opened by singing "Standing on the Corner." The quartet consisted of Bill Powell, Jim Dunning, and two others. Joe Mendoza, with Judy Pierce at the piano.

Among the Sunday morning

crowd were the Bill Reichels, Mrs. Ed Houghton, Rosalyn Danforth, the Howard Morris, Dr. and Mrs. Samuel Salinger, Jan King, Anita Haskell Jones, Isabelle Parker, Henry Delaney of Palo Alto, Mrs. Noble Banks, Lt. Governor Harold Powers, the Earle Hendersons, Joe Pawlings, Mrs. Ruth Bibo, Virginia McLaughlin, Grace Pope, Mr. and Mrs. C. Otis Miller, Mrs. John Blish, the Julian Bambergers and Mrs. Sol Lesser.

Also the Billy Maloufs, S. P. Manasses, Mr. and Mrs. Oliver Jaynes, Mrs. Austin McManus, the Fred Albertsons, Tom Flemings, Glenn Snyder and the Irwin Ruffs.

Dr. and Mrs. Hampton Robinson of Houston, Texas (he's president of the board of Baylor Medical Foundation) were special guests. They are staying at Thunderbird for a couple of weeks and contemplate building a home here. With the Burt McGovern's were Bill and Marian Pries of Redlands, old time winter residents of Palm Springs. Once a bank manager in Alaska, then engaged in the salmon canning business as McGovern is, Pries is now an orange grower.

GREETING FRIENDS after a summer's absence was part of the fun at the Friday night party at Thunderbird, when the Walter Braunschweigers entertained for their houseguests the John Colemans of Birmingham. Chatting in this group, are, from left, Mrs. Dick Edwards, the Fred Albertsons, Mrs. Edwin Fallgren and Dick Edwards. (Desert Sun Photo).

Precinct Workers Rally Tomorrow

Palm Springs Republican Assembly will hold a rally for precinct captains and women workers tomorrow at 10 a.m. in El Paseo Theatre.

A NIGHT IN ITALY will theme the annual Spaghetti dinner being given by the Parent-Teacher Group at Katherine Finchy School on Thursday evening. Here the chairman, Mrs. Bernard Malin, feeds a sample of Italian dinner to Principal Chester Sproul, while Margo Morrison, Cynthia Sims, Marc Malin (standing), and Bonnie Ureta, Pamela Tackett and Lisette Scholl (seated) consider the fare. (Desert Sun Photo).

Goodlands Host Pasadena Party

The South Pasadena home of Mr. and Mrs. Max Goodland was the scene of a cocktail dinner party Saturday evening. The occasion marked the birthday of Mr. Goodland, and a surprise party was given by his wife, Elizabeth Goodland (recently appointed society editor of the Los Angeles Times). Ralph Wilcox Taylor was the only Palm Springs guest present at the large assemblage. The Goodlands spend many weekends in their desert home here during the winter season, and will be down next week for a few days.

Dinner Dancing At Desert Club

Dining and dancing Saturday night at La Quinta Desert Club were the Warner Gilmores with Dr. and Mrs. Charles Benson, who are the new owners of Springboard Farm, also located in La Quinta. Harry Frechtel famed designer for I. Magnin and Lord and Taylor, had as his guests Mr. and Mrs. William Kaneen, president of Sabin Robbins Paper Company of Los Angeles.

Mr. and Mrs. Russell Strand from Los Angeles, are vacationing at the Park Lane Hotel for a few days. Mrs. Strand, the former Betty Cox, was a Village resident for three years prior to her marriage in Las Vegas last July.

Expert Warns Against Forcing Music Practice

A University of Illinois child development specialist defends youngsters reluctant to practice music.

It's more important, said Mrs. Millicent Martin, for a young child to enjoy playing an instrument than for him to play it well. Once a basic love of music is established, then there's time for serious playing and practice.

Drums, bells, triangles, cymbals and other percussion instruments are good for beginners to identify and follow rhythm, Mrs. Martin said. The youngsters often delight in tapping out a rhythm while listening to a radio or phonograph. But she said that reading notes and playing pieces on orders from parents doesn't necessarily help children love and appreciate music.

Around Town

with Hildy Crawford

Even if it only frames a garden scene . . . everyone in Palm Springs should have a picture window . . . Lucky are those whose window frames a peaceful desert scene . . . sand stretches, dotted with desert plants . . . with a horse and rider jogging across a distant trail . . . Late afternoon sunlight, like a baby spot, floods the far mountains . . . and a single plane circles for landing at the airport . . . Maybe the picture is the strength and ever-changing beauty of the towering mountains that are a dramatic backdrop for Palm Springs . . . Whatever it is . . . it has the inspiration of a favorite painting hanging on your wall . . . a refreshment before you go rushing off to a committee meeting a party, or a golf date . . .

Phyllis and Joe Froggatt . . . Kay and Dolph Obergef . . . entertained at cocktails at the Froggatts' Thunderbird home Saturday evening . . . before the Club's formal opening . . . with the party a bon voyage for Belmont Sanchez . . . who sails from San Francisco Monday on the President Cleveland . . . joining Al and Nellis Hunt for a six months cruise to the Orient . . . BJ isn't going because, as she phrases it, "I'm no sailor" . . .

On the Froggatt-Obergef table, which centered the Club's dining room . . . was a big ocean liner, serpentine and fun favors, carrying out the party theme . . .

Interesting foreign visitors at the party . . . were Dr. and Mrs. Reinhard Reme of Hamburg, Germany . . . who are at Thunderbird for a fortnight . . . The silver-haired doctor is an attorney . . . who finds Palm Springs an unbelievable place . . . He is inclined to class it with Rome (where his firm has law offices) as a place where no work ever gets done as there's too many other things to do . . . Commenting with delightful humor on the wide open spaces in the United States (he and his wife flew over by Polar Flight) . . . he says, "This country has lots of space . . . everywhere but on its dance floors" . . . Thunderbird's dance floor was pretty crowded Saturday night . . . but Vicki Malouf reported the doctor an apt pupil at the Charleston . . . Interesting how that dance threatens to outlast others . . . like the two step that was once so basic . . .

A fascinating dinner companion was Eddie LeBaron . . . who has found so many other absorbing interests like oil wells at Beaumont (dry run) . . . that he neglects his orchestra leader's baton . . . He told about playing his first role with Desi Arnaz . . . Eddie is the Cuban orchestra leader who welcomes Desi home . . . So watch for this in the "I Love Lucy" show . . . They had fun making it . . . Eddie was also telling about their trip to Teheran this summer . . . and how they were entertained by the Shah . . . and how the palaces are like something out of the Arabian Nights . . .

Quite a few at the Froggatt-Obergef table shared in the cake sent over by Anne and Tony Burke, who were celebrating their fifth anniversary . . .

At an adjoining table was Hyatt von Dehn, Arleen Whelan and the Willard Parkers . . .

Among those saying "bon voyage" to Belmont were . . . the John McClures, Frankie and Oliver Jaynes, Margaret and S. P. Manasse . . . the Ed Fallgrens,

Billy Malouf, Emma Gale . . . A foursome at Thunderbird's opening were the Charles Beckers and George Robertsons, and another, included Mari and Stewart Williams, Georgiana Poston and Harold Hicks. Also in the opening night crowd were the Ronald Buttons, Thomas Flemings, Holly Moses, Clarence Browns, Dick Longs, Elvirita and Don Bleitz, Hoagy Carmichael, Robin Barnes, Judy Howard, Janice Chiquoine, Jock Williamson, the Harrison Fishers, Kitty Pritzlaff and many, many more . . .

Dropped in late at the Racquet Club Saturday night . . . and met the Lester Seligs just leaving . . . Ira Hamblurg was back at the club and introducing pretty blonde Venita Radcliff . . . Handsome Richard (Robin Hood) Greene was being most attentive to his ex-wife Patricia Medina . . .

Other Saturday nighters included the Eddie Silvermans, Mrs. Elizabeth Gordon, Ben Meyer, Harry Warner, the Bert Tuttlers, Denny Grant, Bob Palmer, Della Gates . . . Mr. and Mrs. Lloyd Simon were dinner hosts to the Asher Levys, Nathan Ohrbachs, Dr. and Mrs. Milton Portis, Mrs. Lee Frank and the Lewis Stronges, who were here from New York . . .

Following Polo Club tradition . . . retiring president Jack Kenaston and his charming Helen hosted a cocktail party at their home on San Lorenzo Sunday night . . . for about 60 . . . winding up his year in the presidency . . . Chosen new president of the Club . . . which is one of the oldest in the Village with a membership list of long time residents . . . was Newton Hotchkiss . . .

Don Pedro and his orchestra are playing very danceable music at El Mirador . . . It's fascinating to watch Don Pedro shaking the maracas . . . and speculating about his life in Argentina . . . when he was Peron's favorite orchestra leader . . .

Enjoying a late afternoon ride from Smoke Tree Stables Sunday afternoon . . . was Cary Grant and his wife Betsey Drake . . . Recently returned from Spain where he has been on location . . . Grant is relaxing at his Palm Springs home . . . and expects to be here for several weeks . . .

The Dean Jagers checked in at the Racquet Club for vacation, Sunday evening . . . Also there for a few days is Mrs. Rock Hudson . . .

Cute little Kitten Ferrar (Queen of last year's Western Week) . . . is back in the Village after summing at Arrowhead Lodge . . .

THE FORMAL OPENING at Thunderbird Country Club Saturday night found many of the men in white dinner jackets and their ladies in evening dress. The Club was well-filled with a dinner crowd that danced late into the evening. Photographed was a pre-dinner gathering in the Club lounge. (Desert Sun Photo).

Houseguests Honored at Club Dinner

Honoring their houseguests Mr. and Mrs. John Coleman of Birmingham, Alabama, the Walter Braunschweigers entertained at a cocktail and dinner party at Thunderbird Friday evening, on the eve of the Club's big formal opening.

Braunschweiger, a Bank of America vice president, and Coleman, president of the Birmingham Trust and National Bank, are long-time friends. The Alabamans spent several days here as guests at the Braunschweigers' Rock Point home, before the four went in to Los Angeles to attend the American Bankers Association convention being held there this week. Around 8,000 bankers from all over the country are expected to attend.

The Braunschweigers welcomed their guests in the Club lounge, where cocktails were poured and served with hors d'oeuvres, preceding dinner.

The Club diningroom, gaily-decorated with balloons for the next night's formal opening, was taken over for the dinner, with the two long tables arranged in T-fashion. Low floral centerpieces in pastel colors were used with pink tablecloths. Place cards, hand-painted by the hostess, matched the tepee invitations "to a Pow-Wow," that guests received earlier.

Mountain trout from Wyoming streams, accompanied by a fine white wine, featured the dinner menu, the guests danced during the dinner hour to the music of the Club orchestra.

Among the guests were Messrs. and Mmes. Fred Albertson, Dick Edwards, John Q. McClure, Edwin Fallgren, Joseph Froggatt, Ben Gale, Dolph Obergef, B. Sanchez, S. P. Manasse, John Stauffer, W. B. Malouf, Thomas Fleming, Glenn Thomas, Mrs. Ruth Hardy, Mrs. Austin McManus, Beth Scott, Janice Chiquoine, and Jock Williamson.

Fete Birthday

Birthday time for Mrs. Herb Rauch of 2321 Araby Drive, was celebrated at the Dunes Friday evening with the help of her husband Herb and their houseguest from Playa de Rey, Marcel Schmidt.

Aileen Hagerty, former society editor for The Desert Sun and now of Walnut Creek, and her niece Gladys Keyes, spent the weekend here as guests of Mr. and Mrs. Austin Spencer at the Desert Riviera.

Birthday Dinner

Mr. and Mrs. William Perlberg were hosts at a Saturday night dinner party at the Racquet Club, which celebrated his birthday. Among their guests were Mr. and Mrs. William Edris, Mrs. Henry Bussey, Joe Schenck and Joe Hall.

Scientists Try To Outsmart Resisting Germs

WASHINGTON, AP — Scientists reported today that it is becoming necessary to use two and three antibiotics together to gang up on germs which have been learning how to resist death from single drugs.

They disclosed that a flood of new combination antibiotics, built into one pill or injection, will appear on the market in the coming year.

They said clinical trials indicate the drugs are far more effective together than alone. And they said germs seem to find the combinations tougher to deal with.

The major new trend in drug therapy was reported at the fourth annual symposium on antibiotics. The 3-day meeting, sponsored by the Food and Drug Administration, drew hundreds of top authorities from this country and nine other nations.

"Physicians used to hold up their hands in horror at the idea of combined drugs," said R. Henry Welch. "But it's the coming thing now. It seems to be the best way to deal with resistant organisms."

Welch, head of antibiotics at Food and Drug and the symposium chairman, said some germs have developed a resistance to some antibiotics through an evolutionary process. Staphylococci, which cause a wide variety of common infections, have been especially troublesome.

Scientists have been developing new antibiotics as fast as possible in an effort to keep a jump ahead of resistant germs. The latest approach to the problem is combined therapy.

Log Cabin Has Way of Helping People To Fame, Novelist Hopes for Magic

By GAY PAULEY
United Press Staff Correspondent

NEW YORK AP — The log cabin has a way of helping people to fame. Look at Abraham Lincoln and William Henry Harrison, or Jaye P. Morgan and Lynn Dollar.

Mary Lee Settle, a model turned novelist, hopes its magic also works for her.

"At least to help me to the best-seller list," said Miss Settle, a sophisticated hill-billy whose recently-published historical novel, "O Beulah Land," brought rave reviews from the critics.

Miss Settle, 38, does all her writing in a setting right out of pioneer days—a log cabin built in 1830 and located in an isolated section of the hills about 12 miles from her native Charleston, W. Va.

LINCOLN WAS BORN in a log cabin in Kentucky. Miss Morgan, a singer, in one in Colorado. Miss Dollar of a certain famous quiz show, in North Dakota. And Harrison won his way into the White House on a "log cabin and hard cider" campaign slogan.

Miss Settle, 38, does all her writing in a setting right out of pioneer

when I recently was in our native state.

"I guess this was inevitable," said the novelist, a tall, beautiful brunette who resembles the actress Patricia Neal.

"To write, you have to have escape . . . I've found it here. Except for the darned telephone."

The two-room cabin is in a rustic setting, but has been made as modern inside as a 1956 ranch house.

MARY LEE SETTLE already has two contemporary novels behind her. Her "O Beulah Land" is the first of a panel of four historical works about what once was Western Virginia.

Her latest work gets its title from an old-time Methodist hymn. "I come from a long line of preachers," she said.

The novelist was educated at Sweetbriar College and had a brief fling at modeling and acting in New York before World War II. In 1942, she joined the British WAAF, and during her 13-year stay in England, married Douglas Newton, British poet and author. After the war, she was British correspondent for a couple of U.S. magazines.

Political Mystery Hovers Over Murder-Suicide of Once Strong ALP

By LYLE C. WILSON
United Press Staff Correspondent

WASHINGTON AP — Somebody should get going on a political who-done-it exposing the murder, suicide or whatever it was of the late American Labor Party.

The known facts are formidable; the unknown even more so. For the information of those who were looking elsewhere at the time, the American Labor Party (ALP) was invented in 1936 to help make the re-election of Franklin D. Roosevelt almost unanimous.

It never spread beyond the boundaries of New York State. Specifically, ALP was created during the 1936 campaign to permit independent but largely left wing voters who were not Democrats to vote for FDR without becoming members of the Democratic Party.

New-born ALP contributed 274,824 New York votes to Mr. Roosevelt in 1936.

IN 1940 THE LATE Wendell L. Willkie opposed FDR, and this time the ALP was decisive in New York State. The 417,418 ALP votes cast for Mr. Roosevelt enabled him to defeat Willkie there.

By 1944 the Communists had kidnapped the ALP and piled up nearly 500,000 votes for FDR in the 1944 election without which he would have lost New York to Republican Thomas E. Dewey.

There was a significant change in 1948 when President Truman was opposed by Dewey. This time the ALP was the heartbeat of a nationally organized new party movement which put up Henry A. Wallace as its presidential candidate. It called itself the Progressive Party nationally, but retained the ALP name in New York.

NEW YORK'S ALP bolted the Democratic presidential ticket in 1948, casting 509,539 votes for Wallace, its own presidential candidate. Deprived of those votes—not all Communists but all controlled by the Communies—the Democrats lost New York for the first time since 1928.

Came 1952 and ALP again had its own presidential candidate, one Hallinan, whose New York vote slumped to a mere 64,000. Two years later, with its own candidate for governor of New York, ALP polled less than 48,000 votes. That was 2,000 short of the minimum requirement for a political party to keep its place on the ballot.

The Communists announced this week that the ALP state committee had dissolved the organization.

TODAY'S SPORTS PARADE

By OSCAR FRALEY
United Press Sports Writer
Reg. U.S. Pat. Off.

NEW YORK (AP)—You're not kidding when you call the wife of George Blackburn, the Cincinnati football coach, his "help-mate."

Heading in to the Navy game last weekend, "Blackie" was really worried. His team had lost three games and won a single contest by one point.

Navy figured to murder Blackie's students.

"I can't see what's going on," Blackie moaned to his missus.

"Our defense simply gets out of line. If I sat up in the press box where his spotting assistant usually sits and ran the team from there, there might be some repercussions."

"Well," quoth Mrs. Blackburn, "you've got to make a change some way, Blackie."

SO BLACKBURN abandoned tradition and sat up in the stands and juggled his defense. And Cincinnati, an educational institution whose "entrance requirements are higher than most in the Midwest," came within three yards of handing Navy a tie if not a defeat.

The final score was 13-7, the Middies on top, but Cincinnati got to the three-yard line near the end, "and if we had scored I've got a boy who would have kicked the point," Blackburn grinned.

A former Army backfield coach, the chunky Blackburn doesn't know how long he'll be able to run his team from upstairs.

"MOST PEOPLE think you should be down on the bench to provide personal leadership for the boys," he explains. "One alumnus told me this would be all right away from home—but at home they might think I was running from the lemons and oranges."

Cincinnati, which starts play in the re-aligned Missouri Valley Conference in 1957, plays a schedule this year which took it from the Atlantic to the Pacific.

"Gee, coach," one youngster complained, "here we've been from coast to coast and I haven't seen an ocean yet."

Frankie was effective, though a bit rusty, as he hammered out a 7-3, 9-1, 8-2 decision over young Frank Ippolito, also of New York. It was Ryff's first start since his ninth-round knockout by No. 2 contender Larry Boardman at Madison Square Garden, June 1.

THE TEXAS AGGIES are this

week's only newcomer to the top 10 group: Mississippi, eighth last week, dropped all the way to 16th after losing to Tulane.

This week's top 10 teams included three teams each from the Big Ten and Southwest conferences, two from the Southeastern Conference, one each from the Big Seven and the Pacific Coast.

In addition to its 21 first-place votes, Michigan State received 12 for second place and two for fourth.

Oklahoma attracted 16 votes for second place, three for third, two for fourth and one for seventh, in addition to its 13 firsts.

OKLAHOMA SET a new modern major college winning record last Saturday by defeating Kansas, 34-32, for its 34th consecutive triumph. But this was only the latest in a string of down-at-the-heels opponents on the Sooners' schedule.

Oklahoma's four victims this season each has won only one game.

STRICTLY FOR what comparative scores are worth, Oklahoma meets Notre Dame next Saturday in the NCAA's nationally televised game. Michigan State plays Illinois.

The upset defeats suffered by Ohio State, Texas Christian and Mississippi shook up the ratings beyond third-ranked Georgia Tech. Tennessee and Michigan each jumped two notches to the No. 4 and 5 spots, and Southern California advanced three places to No. 6.

Texas A & M, 7-6 conqueror of TCU, vaulted from 11th to seventh place, while Ohio State, upset by that same score against Penn State, dropped four places to eighth. TCU and Baylor were tied for the No. 9 rating.

Oklahoma attracted 16 votes for second place, three for third, two for fourth and one for seventh, in addition to its 13 firsts.

OKLAHOMA SET a new modern major college winning record last Saturday by defeating Kansas, 34-32, for its 34th consecutive triumph. But this was only the latest in a string of down-at-the-heels opponents on the Sooners' schedule.

Oklahoma's four victims this season each has won only one game.

STRICTLY FOR what comparative scores are worth, Oklahoma meets Notre Dame next Saturday in the NCAA's nationally televised game. Michigan State plays Illinois.

The upset defeats suffered by Ohio State, Texas Christian and Mississippi shook up the ratings beyond third-ranked Georgia Tech. Tennessee and Michigan each jumped two notches to the No. 4 and 5 spots, and Southern California advanced three places to No. 6.

Texas A & M, 7-6 conqueror of TCU, vaulted from 11th to seventh place, while Ohio State, upset by that same score against Penn State, dropped four places to eighth. TCU and Baylor were tied for the No. 9 rating.

STATE BOND ISSUES

The first three Propositions on your Nov. 6 ballot authorize state bond issues which total \$800,000,000. The money is to be used for financing loans to veterans, public schools and state buildings. Voters should give a lot of thought to these issues.

Loans to Veterans

Proposition No. 1 authorizes a bond issue of \$500 million for veteran's home and farm purchases. This issue is an extension of a program to which California has been committed since 1921, during which period the state has provided \$635 million to help veterans buy property. Some 90,000 have received loans; 275,000 veterans in California are eligible for these loans.

California, unlike most states, has not paid a bonus to its veterans in the belief that this aid in home and farm purchases is a more practical program.

This program has been — and should continue to be — self supporting. Interest paid by the veterans takes care of administrative costs, it has been pointed out.

The reason why this issue is so much larger than previous ones is that it increases the limit from \$15,000 to \$40,000 for loans on farms, and from \$8,500 to \$15,000 for loans on urban homes. The state borrows the money and, in turn, loans it to veterans on standards set up to insure safe loans.

This bond issue has been widely approved by groups throughout the state. It does, however, have some opposition. Those opposed to these loans to veterans take the position that it gives this one group of citizens privileges that are denied others. They say that the increase

in limits is an open invitation to veterans to incur debts that may hamper rather than help them — and that increasing the limits will also further inflate the cost of city lots and farm land.

It is also held by some that California's continued growth requires vast expenditures for water conservation, public schools, roads and highways which will strain the ability of the people to pay for in the future, and that there are more effective ways to promote the general welfare, not only of the veterans but of all Californians, than going deeper into debt.

One of the strongest arguments in favor of this bond issue is that only about one-half of one per cent of the veterans have defaulted on their loans — which is more than made up by the profit on the loans. The fact that California's veterans have not been paid a state bonus is also a good reason for continuing the program.

The Desert Sun recommends a "YES" vote on VETERANS LOANS.

Tomorrow we will discuss Proposition No. 2 which authorizes \$100,000,000 state school construction.

Zsa Zsa Gabor, on the other hand, was ordered by Bob O'Donnell, head of Interstate Theaters, not to make any appearances on TV while touring to ballyhoo her new movie, "Death of a Scoundrel." I was the man at the bridge, Horatius never had it like this. Pretty girls halting the traffic. And two I got to kiss.

Well, the new wide bridge across Tahquitz Creek is now officially open. Even Mother Nature helped out with rain to put some water under that new bridge. So let's go from here plugging for another bridge half way between Palm Canyon Drive and Sunrise Way.

All we got to do is to find some way or some authority to pay for it.

That's all. WELL, IT LOOKS as if in a month or so, Indian Avenue will be well lighted and a safer and easier thoroughfare.

Those holes on the east curb will be filled with concrete in which the standards for the street lights will be set. Frank Hamerschlag, city engineer, said the lights will be color-proof vapor. In other words, people won't look green.

Except on the morning after. MY APOLOGIES to Pat Stambaugh of the Dunes. I wrote something about him last week. But let's blame it on the fact that my old Woodstock is still at the beach and they gave me a nice new shiny typewriter purloined from the circulation department.

It can't spell so pretty good and I crossed out what had come from the keyboard and wrote the name in by hand.

So it came out in the paper as Stanpugh. It's S-t-a-m-b-a-u-g-h.

AND THAT REMINDS ME that there are two things which Horace Greeley, that great editor, and I, to whom 'great' does not apply, have in common.

Nobody could read his handwriting, either. The other is that he is credited with saying: "Go West, young man."

I have been saying the latter, too, for years. Meaning that during Western Week, coming up within a few days, now, don Western attire. And to keep up the spirit of the thing, wear your Western togs every Saturday — and maybe during the week.

Where's mine? Heck, I'd look like the devil in droopy jeans and boots.

IT'S AMAZING how things have changed in the past few years. It used to irk me to the nth degree when I'd say I was from Palm Springs and people would politely ask: "Is that near Miami or is it on the Tampa side?"

Now, when I say I'm a Palm Springer, they all know where it is and ask how's the weather down there.

And Mr. James Cooper, manager of the Chamber of Commerce, would be proud of my answer.

Returning to the Village the other night on the FSP's Sunset, several tourists, studying time tables, remarked: "Oh, I see we go through Palm Springs."

To set things straight, I made a bore out of myself by patiently explaining that we go around it and what they see from the depot is not Palm Springs.

Well, see you at the polls. DEE

INEZ ROBB:

Why Torture Our Red Visitors?

This insane invitation of the United States Government bidding the U.S.S.R. and her satellites to send observers here to kibitz on the November election can produce only one effect: it will set democracy back another hundred years behind the Iron Curtain.

If we who are accustomed to the blessings of the secret ballot can't make heads or tails of this one, how can we expect our guests to get anything out of it except migraine?

The Russians, who have already accepted the invitation, will spend the last two weeks of the campaign here, traveling to key cities to attend political rallies and hear campaign speeches. It shouldn't even happen to a comrade!

IN ANY LANGUAGE, this constitutes cruel and unusual punishment, the type of savage treatment we Americans associate with Siberia, the salt mines and forced labor. I give the Russians a week before they throw themselves on the mercy of the International Red Cross or invoke the Geneva Convention.

(In fact, I have been thinking a little wistfully of the Geneva Convention on my own behalf.)

If our Commie guests listen and read as diligently as this ink-stained wretch to date, they will doubtless be as amazed as I to discover that both major tickers are headed by sneaky rascals who couldn't get trusted with the efficient, much less honest, administration of the dog pound back home.

IT PROBABLY WILL confirm their general opinion of democracy when they hear that one candidate beats his wife and the other smokes reefer. Their preconceived ideas of the democratic process will surely be verified when they hear that the United States is certain to totter into moral and financial ruin if the other side wins.

The Russians, who are experts at Potemkin villages, will know enough to write off the lofty campaign pledge that the nation shall enter, full-fledged, into paradise if only OUR side wins.

We were drawn to two celebrations Saturday night although I should have made my usual round of all the night clubs in Palm Springs; but there was a reason.

There was a reason from a news standpoint because both of these parties featured management paying homage to its most important commodity: labor.

At the first party down Rancho Mirage way I saw nearly 500 persons enjoy cocktails and then a sumptuous barbecue dinner hosted by Deseret Braemar. Paul Broman and Dick Hanousek had explained some time prior to the event that the artisans, carpenters, straw bosses, hod-carriers and common laborers, 60 days behind schedule in construction, had regained 30 days of the lost time.

"Because of that," declared Broman, "we plan to show our appreciation by giving those men and their wives the best party ever."

CONSPICUOUS TOO in the group was one Bob Higgins, who for many years has been a local building contractor. On the Braemar job he is acting as superintendent in charge of construction. Higgins is a compatible young man in that he has the ability to get along with other human beings—one of the most important attributes in this world of intense pressures and one of the ingredients to be found in the formula of success.

The other event to which yours truly was invited was actually a party of personal vindication for Sol Bernstein, co-owner of the Model Plumbing Supply Company. In the Mural Room of the Biltmore Hotel Sol, short in stature but whose body and mind contain titanic determination, was holding the first anniversary party of Model Plumbing Supply Company's advent into business both here and in Indio.

IT WAS A VINDICATION party for Bernstein because despite discouragement and criticism he invested a washbasin full of money in the construction of show room warehouse and building both here and in Indio. He has in operation the most complete wholesale plumbing supply depots in the desert. It had not been necessary for him to venture into this new area. Model Plumbing Supply Company had already attained success in Los Angeles.

But Sol insisted that the time was here and right now too, to open branches in Palm Springs and Indio. His company during the first year, I have reported before, grossed more than \$1,000,000 during the first year of business in Palm Springs. What Indio is doing I do not know.

All of Bernstein's employees were present at the anniversary party and there'll be plenty more

of them as the years roll on.

PASSED MITCH'S Steak House in Cathedral City on my way to the Braemar barbecue. Every available bit of parking space in front of the establishment was filled and the inside of the popular eating place, was loaded with patrons.

On the return trip not more than 45 minutes later the little restaurant was a shambles. Prosperous and thriving, in less than one hour, fire had gutted the place. Talked to Mitch Sitkoff still attired in his chef's hat and white uniform. He seemed shocked by the sudden change in his business fortune. Insurance never covers completely such a loss. He strolled off into the darkness and I believe there was a tear or two in the man's eyes. He had worked so hard to make Mitch's Steak House a success.

GOT A KICK OUT OF Norman Waters reciting the story of his capture of a young burglar in his home recently. Now Norm, whom I've known for a long time, is a thinking man. He is not a youngster either and how long he could have withstood an assault by the young stalwart whom he found taking a shower is more than a bit of conjecture. Nevertheless, Waters to cut a long story short calmly asked the young man to leave the shower, get dressed and accompany him to the offices of his attorney. From these offices he led the compliant burglar to the police station. There it was found out that Norm's willing captive was on parole, previously convicted of burglary and other misdeeds.

"Now that I think about the whole incident," explained Waters, "I wonder why that long bladed knife was on the table not far from the shower. I'll never do that again—walk up to a burglar in my house and ask him to accompany me to the police station." Yes sir, Mr. Waters, there are armed policemen trained in handling such incidents.

NURSE AT THE District hospital on the telephone answering questions by yours truly regarding acts of violence Saturday night. There were two stabbings, one shooting which ended in murder for one and critical wounds for the other gun duelist.

"Gee," she exclaimed, "I thought this was a resort community where people came to have fun."

It is, my dear. All of the scrapes were way out in the country.

L. D. Hunt, slashed about the abdomen, was asked by Sgt. Robert Ralph if he would sign a complaint against his assailant.

"No sir," replied the victim, "It was just a friendly argument. With knives yet!"

EARL WILSON:

She Snubbed Acting for School

NEW YORK — Funny about these teen-agers (Sluggers' father speaking) . . . take Mary Martin's daughter, Heller, 14, who just cold-shouldered a Broadway TV acting job — in favor of silly school.

Driving Heller back to George School in Bucks County, Pa., Mary recalled how good Heller'd been in "Peter Pan" on Broadway . . . and mentioned that a TV role'd been offered.

"Really?" replied Heller . . .

and, completely disinterested, raced on talking — about some of the nice boys she'd just met.

Sam Levenson — who's going back on Ed Sullivan's TV show — reports this dialogue between two Brooklyn women:

"Did you see how Nasser grabbed the Suez?"

"I didn't see nuthin'. I live in the back."

ELSA MAXWELL, you'll be hippy-happy! — (darned typewriter) — to know, slimmered 20 pounds and wore white to Lisa Kirk's turnaway opening at the Waldorf. Eddie Fisher, Ray Bolger and Benny Goodman were there to hail Lisa . . . also, in the immortal words of Joe E. Lewis, "many society leaders and also some sober people."

Beauty Contest Winner Salome Jens worked her way through college as a secretary . . . paid for acting lessons here while secretarizing . . . played a secretary in "Sixth Finger in a Five Finger Glove" which closed after two nights. The lovely ex-Miss Press Photographer from Milwaukee is going back to work (if she does not get a stage or TV job in a couple of days) as . . . you guessed it . . . a secretary.

UNCLE MILTIE BERLE went carriage-riding in Central Park with his daughter — and even the squirrels cheered his return from Europe . . . Being such a lovable creature, we're not printing the Trendexes of a couple TV guys whose ratings just dived so embarrassingly and in such untimely fashion. They've got grief enough and we're sorry . . .

Bobo Rockefeller and a London medic drank pink champagne at the Little Bohemia where every-

body said what a doll Bobo is. (You should drink that all the time, hon!)

Perry Como flew to Miami to look over the new Americana and play golf. A storm kept him indoors: he golfed from the deserted lobby hitting balls out to the pool. Friends of the ultra-relaxed Perry says he's figured a way to beat Jackie Gleason next year: He'll "do the show live."

Our Gorgeous Mother-in-Law says that after a husband works all his life keeping the wolf from the door, his daughter lets six or seven of them in the house a week.

THE MIDNIGHT EARL . . . Grace Kelly, Prince Rainier and the John B. Kellys lunched with Cardinal Spellman at his residence . . . Arlene DeMarco and Keefe Braselle will marry after his divorce is final Dec. 4. . . . Gertrude Berg ("Molly Goldberg") who outdrew Bankhead and Bea Lillie in summer shows, will try it on B'way in '57, in "Sailor Beware" . . . Myron Kirk's mother passed away in Wheeling, W.Va.

The Lambs Club has "I Like Bill" signs on some lapels; they're for Bill Gaxton, who opposes Happy Felton for Shepherd . . . Bill (CBS) Leonard had a heart attack; Reggie Hammerstein, Oscar's brother, went to Doctors Hospital for the same reason.

EARL'S PEARLS . . . A wife is the little woman who'd rather mend your ways than your socks. —Ima Washout.

TODAY'S BEST LAUGH: "It's a mighty obscure H'wood actress who doesn't have a Jap gardener, a Filipino houseboy, a French maid and a Mexican divorce." —Stew Newlin.

WISH I'D SAID THAT: Frank Parker figures that some girls choose their vacation spots on the basis of how often the males arrive.

When Margaret Whiting opened at the Copa she got three bouquets from Joe E. Lewis, who confessed, "I stole these from Nusha." . . . That's earl, brother.

Fire Destroys Mitch's Steak House

A SUDDEN FIRE completely destroyed Mitch's Steak House at Cathedral City Saturday night, and the spectacular blaze drew hundreds of persons to the scene, as the State Division of Forestry fought for an hour to halt the blaze.

The fire started when steaks caused a flue to catch fire, and flames spread through the building almost before the fire department could be notified. Although the restaurant was filled at the time of the blaze, no one was injured.

Mitch and Marie Sitkoff, owners of the popular eating place, said that the entire building including their living quarters were destroyed. Sitkoff said that the blaze started in the flume over the charcoal broiler, and he ran to

call the fire station. When he returned, only minutes after, the entire building was engulfed in flames. Fire trucks and hoses tied up traffic on Highway 111 and a detour was set up to take traffic around the blaze.

Cancer and Smoking Tie-in Traced To Arsenic Used in Insecticides

SAN FRANCISCO, (AP) — Arsenic used in insecticides sprayed on tobacco plants may be as important a factor in lung cancer among smokers as the tars in the tobacco itself, according to a University of Texas researcher.

Furthermore, Dr. Robert R. Shaw said, smoking—in particular, cigarette smoking is almost entirely responsible for an increase in cancer of the lung among smokers. Shaw, professor at the University of Texas Southwestern Medical School, told a press conference that people who smoke excessive not only develop lung cancer at an earlier age than non-smokers, but at a rate 50 times greater.

The only bright spot, he said, is

in educating the younger generation not to smoke and he felt the youngsters might not take the advice too seriously.

"TRY TELLING a teenager not to do something because it may hurt them in 25 years," he said. "They'll think to themselves '25 years, why, I'll be dead then anyway!'"

New statistics cited by Shaw show that the average age for those developing lung cancer is 55—10 years younger than those developing other types of cancer.

The victims of the disease are predominantly men, he said, but added that present statistics should not be encouraging to women

smokers. Most women, he said, have not been smoking as long as men have and it will take another 10 years to gauge their susceptibility to lung cancer.

Shaw said some 40 percent of the patients suffering from lung cancer are "hopelessly ill" when their symptoms are first diagnosed and 94 percent of lung cancer victims die within five years of the time the disease is discovered. He advised persons with a family history of cancer not to smoke and added that heavy smokers over the age of 40 should have chest X-rays every six months.

"But the only way to lick the

problem," he said, "is to tell teenagers not to smoke."

ALTHOUGH CANCER researchers still do not know just what factor in tobacco causes cancer, Shaw said one of the newest ideas is that arsenic sprayed on tobacco plants and impregnated in the ground is as great a factor as tar inhaled in smoking cigarettes.

Research on the correlation between arsenic and lung cancer is "promising," he said.

If the relationship is established, he said, "it would mean—ideally—that all the tobacco fields in North Carolina, for instance, would have to be abandoned because the arsenic stays in the soil."

Eligible Voters Total 102 Million

WASHINGTON, (AP) — The Census Bureau estimated today that 102,743,000 Americans will be old enough to vote in the presidential election Nov. 6.

The bureau estimated 7.5 million persons have reached voting age since the last presidential election in 1952. That year 98,133,000

were old enough to vote. The bureau estimated that 3.3 million of the new voters are men and the rest women.

The Census Bureau said most states reported increases in the civilian population of voting age. California led with a gain of more than 800,000 since 1952.

WAL Reports Record Early Holiday Rush

Earliest and heaviest rush for Christmas season reservations in the history of air travel was forecast today by Jack M. Slichter, Western Air Lines passenger services director.

Slichter disclosed that 30 WAL flights scheduled during the two-week Christmas holiday period already have been completely sold out.

"This is the heaviest pre-holiday rush experienced in the 30 years Western has operated," Slichter reported.

THE 1957 SWEET-WING DODGE, lower and longer has the most exclusive styling and engineering improvements in history. Height of the two-door Lancer hard-top models like the Custom Royal Lancer shown above, has been reduced by five full inches so that the new Dodge stands barely four

and a half feet high. Rear fenders sweep upward and backward to keynote the car's swept-wing styling, accentuating a sport car appearance that is also a mark of the jet aircraft age. The new Dodge will be on display at Imperial Motors of Palm Springs and Indio on Tuesday, Oct. 30.

PROPERTY LINES

By the Palm Springs Real Estate Board

There are times when we are in deep sympathy with our friends who write columns for newspapers . . . There must be times when the eternal question "What to write?" hangs over the head like the proverbial sword of Damocles. The usually submissive typewriter assumes an antagonistic attitude and bares a jumbled mess of teeth in laughing, nastily, at our predicament . . . The pendulum on our little Bavarian clock bobs back and forth, and the two tiny Bavarian figures see-saw up and down, up and down, up . . . better stop before we really begin to blubber. However, the mail came, and with it a communication from the Real Estate Board president, Theresa Press . . . Included in her news letter this week was a poem that we feel is quite worthy of passing on for all to read . . . Cooperation could be the theme; and we can all learn a bit about that form of concerted action.

A DROP OF WATER
A drop of water flows to the river.
The river flows strong to the sea.
Seas form into mighty oceans
So unto water are we.
As a mere drop of water we're useless,
As a river, we gain force, it is true.
If we work together we're like unto oceans
But our strength comes from members like you.
Let's all pull together and never apart
With hands clasped, our goal we will gain.
We'll have force like God's mighty ocean
Which is made from the small drop of rain.
President Theresa did not say who wrote the poem . . . But whoever wrote it has said about all there is to say.
So, that's escrow for today.

Berlin Night Club Offers Latest In 'Postoffice'

By JOSEPH FLEMING
United Press Staff Correspondent
BERLIN, (AP) — Some 2,000 lonely people play "postoffice" in public here every night.
American GI's, Foreign tourists and Berliners ranging from company directors to housemaids join in the game. It is played in a big West Berlin night club called The Resi. At The Resi there are no dancing girls, no floor shows.
The attraction is the pickup—pickups dignified by custom and the fact that everyone else is doing it.
The night club's tables are arranged around a dance floor in tiers. At each table is a dial telephone and there is a pneumatic tube nearby.
EACH TABLE is marked by a lighted number large enough to be seen across the room so that it is easy to determine that the slender blonde sitting alone is at table 12 or the two American soldiers obviously looking for girls at table 23.
By simply dialing number 12 or sending a note through the pneumatic tube addressed to table 12, a gentleman can ask the blonde for a date. She can look across the room, size him up and answer "Yes" or "No." Or two German girls can call the GI's at table 23 and offer their company for the evening.
Language rarely is a barrier. Most GI's know enough German to ask for a date. And, in any case, the German words for dance and drink are so similar to the English that understanding flourishes.

THE TELEPHONE calls are direct and uncensored, but the notes pass through a central "postoffice" where they are read for content. Resi manager Walter Lowenthal says not more than 30 of the average 1,200 messages sent nightly are destroyed because of indecency.
The clerks in the postoffice read German, English and French. If they are in Italian, Spanish or Portuguese, Lowenthal is called for because he reads all three.
Many times the girls are the ones who make the overtures since women still outnumber men in Berlin and continental women are less reticent than Americans about taking the initiative.

Plans will be made to read and select plays for production by the workshop during the season. This activity will be of interest to those who would like to act, direct, work in stagecraft, costuming, make-up and all allied activities of a drama group.
Further information may be had by calling 5262 or coming to the Center at 332 West Alejo Road tonight.

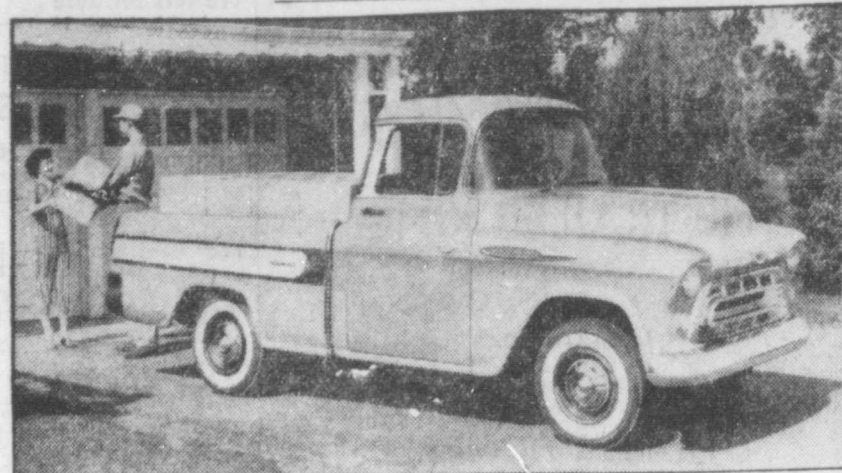

Southern Belle Has Career of Being Herself

By ALINE MOSBY
United Press Hollywood Writer
HOLLYWOOD (AP) — A pretty southern belle who calls herself a "professional southerner" has carved for herself one of Hollywood's most unique jobs—teaching movie queens to talk and behave as she does.

Marguerite Lamkin Brown is Hollywood's only southern expert. She taught southern accents and "flavor" to Barbara Bel Geddes for "Cat on a Hot Tin Roof" on Broadway. Her Hollywood pupils have included Dana Wynter in "A View from Pompey's Head," Carroll Baker in "Baby Doll" and Elizabeth Taylor and other stars of "Raintree County."

"I'm the only professional southerner who gets paid for it," she laughed.
MARGUERITE, A languorous beauty with magnolia-white skin and big brown eyes, began her unusual career "by being at the right place at the right time." She was visiting her brother, writer Speed Lamkin, in Hollywood and he took her to a party given by author Christopher Isherwood for Anna Magnani. Speed and Marguerite move in celebrity circles.
The guests included Tennessee Williams, author of "Cat," and Elia Kazan, director of the play. They, like most people who meet Marguerite, were open-mouthed at her mint julep-and-plantation voice.

"TENNESSEE SAID to Kazan that I was just like the girl in 'Cat'." Marguerite explained in her lilting drawl. "They said I should come to New York while they did the play, just to be around them."

ACCLAIMED STYLE leader of the truck field for 1957, the Chevrolet Cameo Carrier half-ton pickup packs the same utility punch as other lightweight models. Design highspot of the Cameo is a two-tone panel on plastic rear fenders. Chevrolet's new truck line is the most versatile ever offered. The new 1957 Chevrolet trucks are now on display at Stack Chevrolet, corner Sunny Dunes and South Palm Canyon.
